

# Adding the AT&T Data Plan

1. Tap on Settings, then Cellular Data, then View Account.

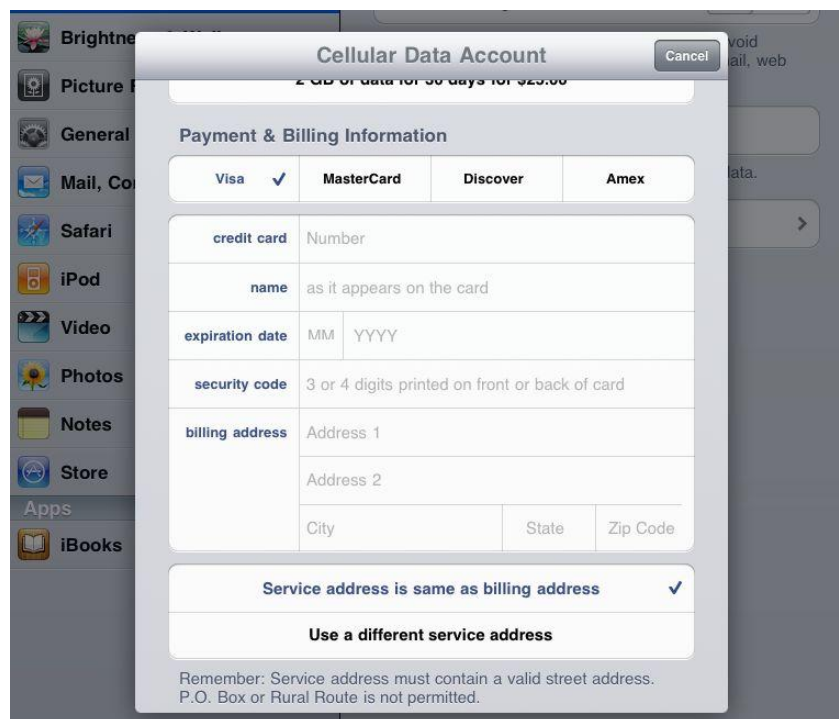

2. Enter you personal information. Your email address will be your login name.

A screenshot of the 'Cellular Data Account' setup screen. The screen is divided into two main sections: 'User Information' and 'Login Information'. The 'User Information' section has fields for 'first name' (Required), 'last name' (Required), and 'telephone' (with a dropdown for area code, currently showing '(555)' and a text field with '123-4567'). The 'Login Information' section has fields for 'email' (Required), 'password' (Required), and 'verify password' (Required). The AT&T logo and the slogan 'Rethink Possible' are in the top right corner. A 'Cancel' button is in the top right corner of the form.

3. Choose your data plan.

4. Enter your credit card information.

5. Confirm your settings and accept the user agreement in the next two screens and wait for the installation to complete. Once a data plan is purchased, you can make changes to your account at <http://www.att.com/ipad>.
